

A Bonney Partnership

gave this large food retail client the ability to **save hundreds of hours in hiring and management costs.**

Filling positions quickly & efficiently:

- ✓ To keep up with demand and volume of associates, Bonney developed a workforce management system that allowed the client to rely on teams for management of associates and related tasks.
- ✓ The BOSS (Bonney On-Site Services) program offers dedicated on-site Bonney representatives to oversee and manage the day-to-day operations of our associates while being an accessible resource to supervisors and decision makers.
- ✓ Quarterly business reviews give the chance for Bonney team members to offer data on retention, time-to-fill averages, hours billed and diversity and inclusion statistics.
- ✓ Bonney also conducts a quarterly associate survey which led to better communication among customer and associates and improved retention by identifying any areas of concern and appropriately addressing them.

Extended service areas into 5 other states...

To support and fulfill customer needs, Bonney extended service areas beyond Maine and into Maryland, Pennsylvania, and South Carolina using remote recruiting tactics to effectively fill positions.

84% retention rate for Bonney associates placed at this client...

Our team sourced, screened, and onboarded quality talent that fit the overall culture and skills needed for the positions.

Reduced time-to-fill within 12 days across service areas...

Our team was able to significantly reduce time-to-fill by screening, sourcing, and onboarding highly skilled associate across service areas.
